Enhanced Reference List of Systematic Reviews
Cochrane and non-Cochrane
(Cochrane Library through Issue 3, 2006)

The following references of Cochrane and non-Cochrane Systematic Reviews - of neurological interest - have been selected from the Cochrane Library and compiled by the Cochrane Neurological Network using:

- The Cochrane Database of Systematic Reviews (CDSR)
- The Database of Abstracts of Reviews of Effects (DARE)

See below the Cochrane Neurological Network's Index of Diseases - in alphabetical order - with the corresponding number of references of reviews that can be found in this list. They follow in descending order from the most recently published reviews.

For further information do not hesitate to contact us at cochrane.neuronet@unimi.it.
